Profile

Full Stack Developer skilled in the MERN stack, with hands-on experience building responsive, scalable web applications. MCA graduate from Anna University (CGPA: 8.2) with expertise in AI integration, UI/UX design, and data analytics. Co-founded **ZenithSync**, a GitHub organization for collaborative full-stack product development. Seeking full-time web development roles.

Education

Meenakshi College of Engineering, Anna University <i>Master of Computer Applications (MCA)</i> CGPA: 8.2	2022 – 2024
Auxilium College (Autonomous), Thiruvalluvar University <i>Bachelor of Science – Computer Science</i> CGPA: 6.1	2019 – 2022

Technical Skills

Frontend: React.js, Angular, HTML5, CSS3, JavaScript (ES6+), Tailwind CSS
Backend: Node.js, Express.js
Database: MongoDB, MySQL, PostgreSQL
AI / APIs: Google Gemini API, Groq LLM API, REST APIs
Design: Figma **Languages:** Python, Java, C, C++ **Tools:** Git, GitHub, Power BI, VS Code

Soft Skills

- Leadership
- Communication
- Problem-Solving
- Critical Thinking
- Team Collaboration
- Time Management
- Adaptability

Projects

AethelForge – AI-Powered Study Platform <i>React + Vite, Node.js/Express, PostgreSQL, Groq LLM API, JWT</i>	github.com/NIVEDITHABALAJI/aethelforge 2026 (In Progress)
○ Architecting a full-stack platform unifying 6 AI-driven study modules – debate practice, mock interviews, quiz generation, flashcards, notes, and analytics – into one connected app ○ Built an AI Debate Arena and Mock Interview Coach delivering real-time, role-specific AI scoring and feedback ○ Developed a Smart Quiz Generator and AI Flashcards module with spaced-repetition scheduling from pasted text ○ Designed a 7-table PostgreSQL schema with JWT/bcrypt authentication; migrating AI integration from Gemini to Groq for faster inference ○ Planning deployment via Vercel (frontend), Render (backend), and Neon (cloud Postgres)	

Nudge – Real-Time Team Collaboration Platform

github.com/NIVEDITHABALAJI/nudge

React.js, Tailwind CSS, Node.js/Express, MongoDB, Socket.io, WebRTC

2026 (In Progress)

- Building a real-time collaboration platform combining chat, video calls, and task management in one workspace
- Implementing real-time messaging with Socket.io – live typing indicators, emoji reactions, and online presence status
- Integrating WebRTC (via simple-peer) for peer-to-peer video calling without third-party services
- Built a drag-and-drop Kanban board and workspace management with invite-code onboarding
- Implemented JWT authentication with a password strength meter and dark mode support

LuminaNest – Gamified E-Learning Platform

github.com/ZenithSync/LuminaNest

React.js, Node.js, MongoDB, Express.js, CSS3, GitHub

2026

- Co-engineered a gamified MERN e-learning platform under a shared GitHub organization workflow
- Built a Competitive Reward Engine using MongoDB aggregation pipelines for XP multipliers, live streaks, and global leaderboards
- Implemented AuthContext (React Context API) for role-based session persistence and secure dual-dashboard routing
- Developed a dynamic Course Player supporting multi-format content streams with an automated badge-trigger mechanism
- Designed a modular CSS3 design system using custom variables for consistent, high-performance UX across all portals

CircleUp – Event Organizers Website

github.com/NIVEDITHABALAJI/CircleUp

JavaScript, HTML5, CSS3, SwiperJS, Formspree API

2026

- Developed a high-performance, responsive landing page for an event planning business to showcase services and streamline client inquiries
- Engineered a custom theme engine using JavaScript and CSS Variables, allowing users to toggle brand colors across the entire site in real-time without page reloads
- Implemented ScrollReveal logic to trigger fade-in animations and integrated SwiperJS for immersive, touch-responsive media carousels
- Designed a mobile-first UI using CSS Flexbox and Grid, ensuring full responsiveness across all device types
- Integrated Formspree API for serverless contact form handling, enabling secure lead generation directly to the client's email

Cream & Co. – Artisanal Ice Cream E-Commerce Landing Page

github.com/NIVEDITHABALAJI/Cream-and-Co

HTML5, CSS3, JavaScript, ScrollReveal JS

2026

- Engineered a mobile-first, fully responsive landing page using CSS Grid and Flexbox to ensure seamless navigation across mobile, tablet, and desktop viewports
- Implemented a robust navigation system using Vanilla JavaScript to manage state changes for mobile menus and interactive icon toggling
- Integrated the ScrollReveal JS library to orchestrate sequenced entry animations, enhancing user engagement and brand storytelling
- Developed a scalable design system utilizing CSS Variables to manage a cohesive color palette and typography across multiple sections
- Designed multi-layered product grids for “Popular” and “Most Selling” categories, incorporating hover effects and order manipulation for optimized desktop viewing

Internship & Training

Full Stack Developer Traineeship

January 2025 – March 2025

Miyyam Knowledge and Careers Private Limited

Coimbatore, India

Engaged in intensive training focused on the MERN stack. Specialized in building scalable, responsive, and secure web applications. Gained expertise in front-end and back-end development, database management, and deployment.

Data Analytics Traineeship

November 2024 – December 2024

Miyyam Knowledge and Careers Private Limited

Coimbatore, India

Engaged in intensive training focused on Power BI, SQL, and Python. Experienced hands-on training with different data analytics tools. Specialized in skills to analyze and interpret data effectively to drive insights and make informed decisions.

UI/UX Design Traineeship

October 2024 – November 2024

Miyyam Knowledge and Careers Private Limited

Coimbatore, India

Engaged in intensive training focused on Figma. Experienced hands-on training with UI/UX design tools. Gained experience in working with assessment tasks as a group.

Certifications

- [Full-Stack \(MERN\) App/Web Development](#) – Miyyam Knowledge and Careers March 2025
- [Data Analytics Traineeship](#) – Miyyam Knowledge and Careers December 2024
- [UI/UX Design Traineeship](#) – Miyyam Knowledge and Careers November 2024
- [Python Bootcamp: Zero to Hero](#) – Udemy (Jose Portilla) November 2022
- [Ruby Training](#) – Spoken Tutorial Project, IIT Bombay May 2022
- [Android App using Kotlin](#) – Spoken Tutorial Project, IIT Bombay December 2021

Declaration

I hereby declare that all the information provided above is true and correct to the best of my knowledge and belief. I take full responsibility for the accuracy of the details mentioned in this resume.
